A SPACE FOR WELL-BEING

SPA MAJER is a boutique wellness retreat nestled in a natural setting. The wooden SPA house, thoughtfully designed with warm, natural materials, creates a sense of intimacy, comfort and shelter. The scent of wood, soft lighting and tranquil surroundings come together to create an atmosphere where the mind can unwind, the breath becomes deeper and the body naturally surrenders to relaxation.

Every visit is an invitation to step away from the demands of everyday life. The warmth of the sauna, the soothing power of water and carefully designed wellness rituals come together in a holistic experience that gently warms and relaxes the body while restoring a sense of balance.

Surrender to the tranquillity of a private wellness space, where time moves more slowly, thoughts grow quiet and the body relaxes in the warmth. Surrounded by natural materials and a calming atmosphere, this intimate setting provides the perfect space for a relaxing escape for two or precious moments dedicated entirely to yourself.

The warmth of the sauna gently heats the body, relaxes the muscles and eases the tensions of everyday life. Afterwards, the warm water of the jacuzzi invites you into a deeper state of relaxation, creating a soothing sense of lightness and complete comfort.

Every visit is designed as a holistic well-being experience – discreet, peaceful and completely private. A space where you can reconnect with yourself, restore your energy and give yourself the precious gift of a moment of peace.
